

LABOR. RIOTS BREAK OUT AFRESH.

Vicious Fights Characterize
Chicago Strike.

Mayor Dunne Gives up Looking
for Peace Now.

Building Trades Decline to
Mix in Trouble.

(BY THE ASSOCIATED PRESS—P.M.)

CHICAGO, May 26.—Rioting broke out afresh today in the teamsters' strike, and although nobody was seriously hurt there was a number of vicious fights in the lumber district, during which the police were compelled to use their clubs, and in one instance revolvers, in order to disperse the mob.

A serious fight took place at the corner of Canal and Madison streets, adjoining the passenger station of the Pennsylvania Railroad. The wagon of an express company, although protected by a policeman and a deputy sheriff, was attacked by a large crowd, despite the fact that it bore on each side a large placard declaring that all people had been enjoined from interfering with the wagon by the Federal court. The policeman displayed his revolver, but the crowd, having no attention to him, rushed at the wagon and, seizing the wheels, attempted to overturn it. A riot call brought from the Douglas Street Police Station four squad cars, a large force of officers, who dispersed the crowd and arrested about a dozen of the most active in the disturbance.

The worst fight in the lumber district occurred at Twenty-second street and Ashland avenue, where a crowd of men and boys had gathered in the morning, buried stones and clubs at every passing lumber wagon. Finally a wagon on which Police Officer Engel was a passenger came along, and the mob greeted it with the usual volley of stones. They also threatened to attack the driver, and the situation was so serious that the officer, drawing his revolver, fired six shots at the crowd, which broke and fled in wild confusion. None of the bullets hit anybody.

RIOTING PREVALENT.

This evening, general rioting was prevalent throughout the lumber district and particularly in the territory near the intersection of Thirty-fifth street and Center avenue. The lumber wagons returning from making deliveries were attacked by crowds of men armed with clubs, slungshots and bricks, accompanied by jeering women and excited children, filled the sidewalks along Center avenue. Thirty-fifth street, Loomis street and Archer avenue, available for the passage of wagons, which were believed by the crowd to be unguarded.

At Archer avenue and Loomis streets, two trucks appeared with one man on each. They were immediately surrounded by a mob of men and boys, who were armed with clubs, slungshots and bricks. The men on the trucks were seriously wounded. Police Officer James Fitzpatrick, in the hands of the mob, was drawn from his vehicle and fired over the heads of the rioters, holding them at bay until the drivers managed to reach their destination, at the yards of the Ritchie & Eames Lumber Company.

The strike today spread in a small degree throughout the building trades. There were a number of instances where woodworkers refused to receive the material delivered by non-union teamsters, and in every instance was made by the men as individuals only. No official action was taken by any of the material trades unions, looking to active sympathetic support of the teamsters' strike. Several of the labor leaders in the ranks of the material trades have declared within the last twelve hours that there is no prospect, in their opinion, of any complete tie-up of the building trades by a strike of the men.

NO PEACE PROSPECTS.

There is no movement at present looking toward a settlement of the strike. Mayor Dunne today for the first time since the commencement of the teamsters' strike declared that he knew of no contemplated plans for peace. The Mayor talked as though he had abandoned hopes of a settlement. Alderman Dever, chairman of the City Council peace committee, appointed a week ago, said tonight that he had practically ceased work, as the committee could see no avenue in the controversy looking toward an adjustment of the differences between the teamsters and the employers.

At a meeting of the Associated Building Trades today, when twenty-nine trades affiliated with the building industries were represented, it was decided that no action will be taken which will tend to drag the building trades into the teamsters' strike. This action on the part of the building trades will go far toward restricting the strike to its present limits, as it means that the members of the Building Trades Union will work with materials, irrespective of the fact that they are hauled in wagons driven by non-union teamsters.

HARD BLOW TO SUEA.

It was decided at the meeting to withdraw all the financial and moral support that the building trades unions have been giving the teamsters thus far in the strike. This means a loss to the teamsters of \$1000 a week which they have received from the building trades unions.

A committee was appointed to convey to President Shea of the Teamsters' action, voted by the building trades. The news visibly affected him and he replied: "I can't believe that this is true. The building trades workers are too loyal to unionism to take this position."

Albert Young, the chief lieutenant of President Shea, assumed a defiant attitude. He said: "The building trades will find that the teamsters can take care of their strike without the aid of the plumbers, plasterers and the rest of them."

STRIKE RIOTS BEGIN.

CHICAGO, May 26.—Strike riots have begun in the neighborhood of the lumber district. At Thirty-fifth and Morgan streets, twenty lumber and shoving wagons, fourteen of which belong to the teamsters, and Embree and company, and guarded by a mob of forty policemen, were attacked by a crowd of more than four hundred strike sympathizers with bricks, stones and slungshots.

While the police used clubs, the fighting waged indecisively. Finally, the police drew revolvers and charged the crowd. The sight of the firearms quickly quieted things, the mob generally fleeing. No arrests were made. At Thirty-fourth street, near by, police on guard were later forced indoors.

Many of the strike sympathizers armed themselves with small air rifles, and from lumber piles and buildings fired intermittently at the police,

a number of whom were struck without being able to see the assailants, and were finally forced to take refuge in offices and other near-by buildings. The building industry of Chicago faced a fresh complication today in sympathetic strikes among carpenters and other workmen. At a dozen buildings, the contractors encountered the alternative of sending back lumber delivered by non-union teamsters or having strikes to deal with. In a number of instances, the lumber was accepted by the contractors, whereupon the carpenters and other workmen promptly laid down tools and quit.

Shots were fired by the police today in the lumber district. At Twenty-second street and Ashland avenue, a crowd of men passing lumber wagons driven by non-unionists. The police ordered the crowd to disperse, but the order was unheeded. The police then drew their revolvers and fired several shots to frighten the crowd. Two arrests were made and the wagons proceeded without further disturbance. Elsewhere in the district the police were kept busy clearing out loiterers and keeping crowds of idle Chicagoans out of the lumber district.

LIKE A FLOOD TIDE.

The teamsters' strike is running along like a flood tide, no barrier appearing in any direction to keep it within desired bounds.

While it has been spreading, interest has shifted temporarily from the strike between employers and labor unions to the differences between the business interests involved and the local administrative authorities.

In the face of declarations by the employers that the police department of the city is absolutely inadequate to afford protection to property as a result of conditions brought about by the strike spread to the lumber district, Mayor Dunne announced that there will be no necessity to call for troops this week.

The lumbermen, the latest interests to be affected by the strike, are not so optimistic as to be living in the terror of riotous uprising in the vast area embraced by their yards and plants—a district peculiarly inviting to incursions.

In anticipation of trouble in the lumber district, the Mayor instructed Chief of Police O'Neill to close all schools there before the hour of 1 p.m. in cases where crowds were permitted to gather inside or outside the premises.

TO GATHER STRIKE FUND.

Solicitors probably will start from Chicago next week on their mission. They will visit every local union in the United States, according to the plan, and in addition to urging financial assistance, will strive to arouse organized labor everywhere to sympathize with the present struggle.

One of the first moves of the labor leaders to keep the men in line is to increase the weekly strike benefits. The Express Drivers' Union has arranged, according to the officials, to pay its members \$12 weekly, beginning next Monday. If sufficient funds can be raised, the benefits paid to other strikers will be increased in proportion.

One lumber mill has shut down and discharged all its employees. The owners claimed that they were unable to get adequate police protection in making deliveries and insisted that troops are necessary.

Shea was ill when on the witness stand today and this fact is taken as an indication that he may retire from the leadership of the strike.

ASSASSINATED BY MOORS.

AKKAR (Senegambia, French West Africa), May 26.—Governor-General of Mauritania, died at Tjikja, May 12, by a mob of Moors. Gov. Coppola had been recently established a mission at Tjikja, and was preparing to return to St. Louis, when he was killed. The Moors were paraded and then were killed. Four native soldiers were killed in the pursuit.

He had "lived every sort of experience in the world."

OUR CONSULS ONLY SPIES.

Berlin Merchants Declare the System of This Country is Horrible.

(BY DIRECT WIRE TO THE TIMES.) BERLIN, May 26.—[Exclusive Dispatch.] The Society of Berlin Merchants and Manufacturers, of which the leading business men of the German capital are members, had a lively discussion tonight on German-American tariff relations. The American consular service was denounced, the conditions prevailing being described as "horrible." It was declared that consuls are merely spies to discover German trade secrets, and that this is made possible by the invoice system.

It was further asserted that American manufacturers, disguised as experts of the Treasury Department, invaded German factories, and that their false testimony was used against German importers. Secretary Shaw's recent speech was called "bluff."

CITY DADS' HOT TIME IN THE OLD TOWN.

"Organization" Puts the Screws on
the Councilmen Whom it Made.
Mayor Weaver is Enthusiastically
Acclaimed by the People.

(BY THE ASSOCIATED PRESS—P.M.)

PHILADELPHIA, May 26.—"The situation is growing brighter every minute," said Mayor Weaver late today. He would not give figures nor go into other details, but contented himself with saying he had received assurances from many Councilmen who had voted for the new city charter that they would support him in his veto.

Leaders of the Republican organization which is advocating the lease, continue to remain silent. There are, however, signs that several Councilmen are breaking away under tremendous pressure from their constituents, and will probably go along with the Mayor. The all-absorbing point of interest is whether the Mayor will succeed in getting enough defeat the bill when it shall come up next Thursday for passage over his veto.

The "organization" still stands on its statement that it will pass the ordinance in spite of his disapproval. The record up to this evening shows that the Mayor has ten Select Councilmen and twenty members of the Common Council with him. In the Select Council there are forty-two members. To pass the ordinance over the Mayor's veto, twenty-six votes, and the Mayor needs seventeen to sustain him. The membership of the Common Council is 84. Here the "organization" needs 51 and the Mayor 34.

The first important move of the new administration, a move that was of vital importance to "organization" men who hold city contracts was taken today, when the new Director of Public Works, Acker, annulled the advertisement for bids for cleaning for 1906. The contract will aggregate about \$1,000,000. The contract for this year is held by the Vero Brothers, one of whom is a State Senator and another Recorder of Deeds.

The struggle to hold city contracts is growing hotter, and many of the "City Fathers" have expressed the wish that they had never been elected to the legislative body. They declare that they owe all their success in life to the "organization" and that it would be an extreme act of disloyalty to go back on their leaders in a time of trouble.

The first man to be won over today came to the Mayor's office with a delegation of constituents. He was Charles E. Connell of the Common Council.

There was another demonstration when the Mayor left the City Hall today for luncheon. His reception, as he walked along the streets with Director of Public Safety Potter, was a noisy one. He entered the University Club after much effort, and after remaining there about an hour, returned to the City Hall in a cab. A crowd of about 300 persons followed him to his office. As he entered someone proposed singing the "Star Spangled Banner," which was done with all hats removed. An incident of the day was the calling on the Mayor of a delegation of High School girls, who came to congratulate him. The Mayor's mail continues to be very heavy, huge.

Y.M.C.A. MEETING.

The Young Men's Christian Association hall was also taxed to its capacity. Addresses were made there by half a dozen prominent citizens, including Charles Emory Smith. There was great enthusiasm when Mr. Smith said that "the black flag of placacy was not the flag of Republicanism or of Lincoln, or of McKinley or of Roosevelt."

In Broad street, several thousand persons were gathered who could not gain admission to the big academy building. Word was sent inside, and three citizens were sent out to address the crowd from a bannister.

The outdoor meetings closed with the singing of "Nearer, My God to Thee," and "My Country 'Tis of Thee."

DYNAMATERS RAMPANT ON EASTERN SLOPE.

Attempt to Murder Guardian of Explosive at New York Hospital—New
Pennsylvania Bridge, Costing Over
a Million, is Blown Up.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, May 26.—[Exclusive Dispatch.] A deliberate effort was made tonight to blow up a storage box of dynamite within two feet of the walls of the New York Hospital. It would have wrecked a large part of the institution and resulted in fatalities among hundreds of patients. The attempt was made by a man who, with a stiletto, tried to stab the man guarding the dynamite. The latter seized a pickaxe, and after knocking the stiletto out of the other stretched hand, nearly broke the pickaxe over his assailant's head.

The fight took place at the corner of Fifth avenue and Fifteenth street, in a neighborhood where many well-known persons have homes. Stuyvesant building is being erected on a corner, and the excavation is almost completely. Recently there has been trouble among workmen there, and those who had left had several times been told to return to their places. Just as the new men were finishing the day's work today, about a dozen of the old men appeared and began to jeer them. This was followed, in a few moments, by a storm of rocks, and an instant later a pitched battle was on. Rocks flew in every direction, and men fell wounded. As they fought, they yelled and cursed and the entire neighborhood was in a panic. A hurry call for reserves was sent in, but before they reached the scene an attempt was made to blow up the dynamite.

Some time during Thursday night, an attempt to get at the dynamite had been made. The box was covered with tarpaulin, and this had been slit by a knife.

NEW BRIDGE BLOWN UP.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, May 26.—[Exclusive Dispatch.] The new steel bridge of the Pennsylvania Railroad over Hackensack River, beyond Jersey City, cost-

ing over a million dollars, was destroyed by dynamite at 1:30 o'clock this morning. The bridge was to have been completed by the end of next month. The old iron bridge is still in use, and was not injured. Officials of the company say they have no labor troubles, and they are at a loss to explain the destruction of the new bridge.

No trains had yet been run over the new structure. The workmen have been busy, the last two weeks, laying tracks on it. The old bridge was to have been abandoned, as it has outlived its usefulness. The Hackensack River is about two hundred yards wide at that point, and the new bridge was of one span.

GREAT DAMAGE TO CROPS.

The Rio Grande spreads Over Country North of El Paso—Santa Fe Train Wrecked.

(BY THE ASSOCIATED PRESS—P.M.)

EL PASO (Tex.), May 26.—The Rio Grande River has spread over the Mesilla Valley north of El Paso and has done great damage to crops, especially alfalfa. Many adobe houses have also crumbled and their inhabitants have fled to high ground.

A Santa Fe freight train was wrecked today as a result of the flood undermining the tracks near the river at Dona Anna, with thirteen cars going into the river.

At El Paso, hundreds of men are working on the dykes protecting the lower portion of the city, strengthening them as the river rises. If a break should occur much of the Mexican part of the city would be swept away. The Mexicans are moving out.

NOW SAFE IN THE CITY JAIL.

PROFESSIONAL BURGLARS ARE
BROUGHT FROM SAN JOSE.

Men Who Looted a Score or More
of Residences Returned from the
North, Shackled Together—Large
Quantity of Their Booty Recovered
but Much Has Been Sold.

M. J. Morrison and Ben Whitney, the daylight burglars whose operations in Los Angeles a month ago netted them something like \$1000 worth of loot in addition to a considerable sum of money, were brought from San José last night by Detective Hawley and placed in the City Jail. They await examination on a dozen or more charges of burglary.

The men were arrested in San José nearly three weeks ago and were sentenced to jail for fifteen days each for vagrancy, before it was learned that they were wanted in Los Angeles. When arrested they had a large quantity of jewelry in their possession and many of the articles were identified as the property of Los Angeles people. Much of the loot was recovered by Hawley, but many pieces were sold or pawned in this city, Santa Barbara and San José which cannot be recovered.

Morrison and Whitney are assumed names, so the police think, but they are certain the right parties have been captured. The couple operated with skeleton keys, and almost invariably entered houses during the afternoon. They took only money, jewelry, razors or revolvers. Among the losers are D. G. Scott, No. 757 San Julian street; Mrs. E. L. Hathaway, No. 1365 West Twenty-third street; J. H. Olin, No. 2222 Mantion street; H. Morton, No. 2122 West Pico street; George C. Daudell, No. 1914 New England avenue; H. C. Cassane, No. 605 Wall street; W. Monahan, No. 418 Cottage Home street. Much of the loot stolen from these houses was recovered.

BRUTAL ACT OF UNION THUG.

WALKING DELEGATE ATTACKS
MAN WITH METAL KNUCKLES.

Supposed His Victim Was Non-union Contractor Who Had Taken
Place of Union Plasterer Who Had
Failed to Do His Work—Released
on Light Bail After Arrest.

Peter F. Eiden, walking delegate for the Plasterers' Union, was arrested last evening by Patrolmen Walsh and McNamara, on a warrant in which he is charged with battery upon a man whom he did not know. His intended victim is a non-union contractor and the fact that the man is not a union slave and therefore under the control of Eiden is what prompted the assault, but the walking delegate made a mistake. Despite the fact that he is said to have used metallic knuckles, he was released on \$2500 bail for his appearance in the Police Court today.

It was a case of mistaken identity with Eiden. Instead of assaulting a non-union contractor, he attacked an innocent man, B. S. Holmes, who with his brother owns Hotel Cecil, and is engaged in the erection of a building at the corner of First and Hope streets.

The Holmes brothers in the construction of their new building contracted with one Roberts to attend to the plastering. After beginning the work Roberts, who is a union man, flunked, and after terminating his contract without notice left the builders to complete their structure in the best way possible. Contractor Smith, non-union man, was secured to complete the work, and it was this man whom Eiden is said to have deliberately planned to assault when he visited the building Wednesday morning.

A temporary office has been erected near the new building and it was into this place that Eiden sought conversation with Contractor Smith. Denying himself the privilege of ascertaining to a certain person with whom he was conversing, Eiden immediately launched into a display of authority and abusive language towards B. S. Holmes, one of the owners of the building.

Thinking that no harm would come from the misrepresentation, Holmes gave no intimation that he was other than Smith, and listened to Eiden's demand that certain tools and material which had been left on the site by the union contractor, Roberts, be turned over to the owner. Holmes practically consented to the demands with the exception that the mortar board, which were being used, be left in service.

Eiden then became abusive with his language, and turned on Holmes and proceeded to administer a severe beating.

From the condition of the injured man's face it is believed metal knuckles were used. Holmes's left ear was so badly torn, that he will carry the scar for life. Holmes is still suffering from his injuries. The murderer, Peter F. Eiden, was registered by his brother, Lawrence Holmes.

MINE OWNER MURDERED.
TRAGEDY IN TRINITY COUNTY.
(BY THE ASSOCIATED PRESS—A.M.)
REDDING, May 25.—Franchise Hurler, wealthy owner of the Red Hill hydraulic mine, near Junction City, Trinity county, was murdered yesterday and his body thrown into the Trinity River.

Hurler and William Flowers started from the mine to the Hurler ranch. Hurler crossed the river in a canoe. Flowers went back up the hill to turn on the water. While there he heard a rifle report, looked across and saw a man run from a clump of bushes, pick up Hurler's body and hurl it into the river. Flowers could not get over in the canoe, being on the opposite side. A sheriff's posse is now out. The murderer cut the telephone wire before committing the deed.

The object, it is thought, was robbery. Hurler had a bucket in his hand and the murderer perhaps thought it contained the clean-up.

HIGHLAND.
DRUGGED BY BURGLAR.
HIGHLAND, May 26.—A burglar last night entered the home of Lewis S. Steele, general manager of the California Citrus Union for the Highland district, whose home is in Highland, drugged Steele and his wife while they slept and made a search for money. He left untouched handbags, silverware, watches, diamonds and other jewels. The thief procured only a few dollars in silver.

CRIMINAL BRIEFS.
COLLINS BIGAMY CASE.
(BY THE ASSOCIATED PRESS—A.M.)
SAN FRANCISCO, May 26.—Attorney George D. Collins, accused of

bigamy, today secured a postponement of his arraignment to Wednesday next.

ROUSSEAU DISPOSED OF.
(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, May 26.—Gessler Rousseau, who was convicted of sending an infernal machine to the pier of the steamship Umbria, in March, today was sent to State's prison for not less than three nor more than five years.

UNGER JURY DISCHARGED.
(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, May 26.—The jury in the Cressa Unger embezzlement case came into the United States District Court today, after having been locked up all night, and announced that they had been unable to agree. They were discharged.

FORGED CHECKS ALLEGED.
(BY THE ASSOCIATED PRESS—A.M.)

SAN JOSE, May 26.—James W. Cochran, who says he is an agent of the Mutual Life Insurance Company, was arrested this afternoon on charges of having passed forged checks. The complainants are L. Slavish and Joseph Carbone, two business men, who cashed the checks, which, they allege, they subsequently discovered to have been forged.

STICKS PORK INTO CHINKS.
(BY THE ASSOCIATED PRESS—A.M.)

A man whose name is not given, attacked three Chinese cooks at the government work on the Yuba River, eleven miles east of Marysville, today, and stabbed each several times with a table fork. One victim is expected to die. The man was employed on the steam shovel and had been drinking heavily. This morning he objected to the meal served and attacked the cooks and escaped.

DARING ROBBERY OF SALOON.
(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, May 26.—A daring robbery was committed today at Dunn Brothers' saloon, Market street, opposite Seventh. Fred Baumbach, the bartender, who was alone, heard the buzzer of the rear entrance ring and stepped in back to see who had entered. A stranger appeared from behind a curtain, felled Baumbach with a blow and kicked him into unconsciousness. When Baumbach recovered he summoned the police and was taken to the Emergency Hospital. It was discovered that the robber had emptied the cash register till, which had contained about \$400, but he did not try to open the safe.

GUARANTEES TO CURE DRUNKENNESS

We never guarantee a remedy unless we know it possesses real merit. We strongly recommend Orrine as a cure for drunkenness, for we are positive that it stops the craving for alcoholic stimulants. Orrine No. 1 is a secret remedy and can be given in tea, coffee, soup, milk or food, without the slightest knowledge of the patient, as it is perfectly colorless, tasteless and harmless. Orrine No. 2 is in pill form, for those desiring to be cured. Either form is per package, mailed sealed. All correspondence treated with the greatest confidence. Write to the Orrine Company, Inc., Washington, D. C., for free book on "Drunkenness." Enclosed in plain envelope.

We have exclusive sale in this city, and are perfectly satisfied that the Company is reliable, and will refund the money if they fail to cure the craving for liquor. San Drug Co., Los Angeles.

Shoe Sale Today

The Avery Stock Will be Sacrificed Today. The Bargain Tables Are Refilled.

BIG DOINGS TODAY.
600 PAIRS AT 50c

500 Pairs Baby Shoes Will Go On Sale at 25c a Pair. Another Big Lot of Children's Shoes for 40c and So On. Sale at 519 South Broadway.

The Sensational Sale of the Avery shoe stock is causing widespread attention. The stock was purchased by the Mammoth Shoe House for 33.1-3c on the dollar and placed on sale at their big new store, 519 South Broadway.

The many bargain tables were refilled this morning and these shoes are being closed out at a fraction of their real worth. Today (Saturday) will be the biggest day of the sale. Some 500 pairs of baby shoes worth up to \$1.25 a pair for 25c a pair. There are about 100 pairs left out of the 2000 pairs on sale last Saturday for 50c a pair. This lot comprises shoes for ladies, misses and children, and the values run up to \$3.00 a pair and over.

Several hundred pairs of ladies' strap sandals, mostly \$2.00 and \$3.00 kinds, on sale for 98c a pair. A big bunch of men's shoes and oxfords will be found on sale for 98c a pair.

These prices are the lowest ever quoted by any business house of standing in this city. The Mammoth never does things by halves. Every advertised bargain will be on the bargain tables. All goods are sold subject to exchange or money back. Extra salesmen will be on hand. Come in the morning, if possible, to avoid the afternoon rush.

Plan to Spend Decoration Day Here

You'll have an opportunity to witness an excellent Memorial Day programme and to investigate the most attractive beach property on the Coast.

Programme for the Day

IN THE MORNING

Memorial ceremonies by the Grand Army Veterans, assisted by Military Bands, Naval Reserves, Naval Veterans and the various relief corps from all parts of the State.

Addresses by Rev. Robert J. Burdette, Hon. H. Dorsey Patton, Francis Murphy and Judge Curtis D. Wilbur.

Requiem for the Dead to be observed by Grand Salute of 3 volleys fired by Naval Reserves and Veterans.

From the piers and shores, flowers will be strewn on the receding ocean waves as a tribute to the sailor boys who are asleep in the deep.

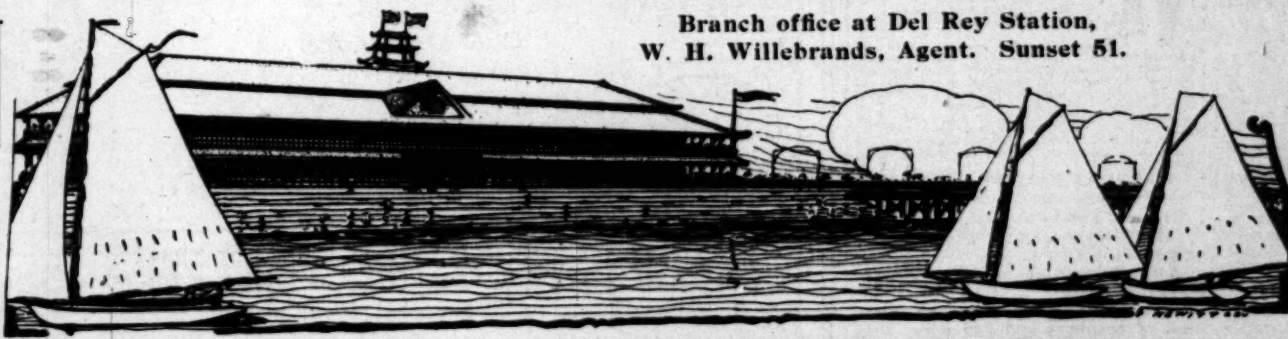

Morning ceremonies concluded by "Taps" sounded by large corps of buglers.

IN THE AFTERNOON

The AIRSHIP "BULLET" will make another ascension into space, covering Ocean, Beach and Valley, and racing with an electric car along the Lagoon.

Cars will run every few minutes from the Fourth street station of the L. A. Pacific R. R. Co.

Branch office at Del Rey Station,

LONG BEACH, CAL

SEASIDE PARK

LONG BEACH, CAL

Monday, May 29, Will Be Our Opening Day

But don't wait for that. Go out Sunday. We have made arrangements to carry 3000 people. Our office at 225 West Second Street will be open all day Sunday to sell tickets at Half Rate---25c Round Trip.

LOCATION

This property is located on a beautiful stretch of white sand just west of the Long Beach Bath-House, at Long Beach. It is improved with walks along all streets, and has a fine pleasure lake and children's bathing pool. It also has Electric Lights, Gas, Sewer, Electric and Steam Railways, and is supplied with water by the Seaside Water Company. As a part of Long Beach it shares in the development of the most rapidly growing town in Southern California.

HOW TO GET THERE

required when selections are made.

Take any Long Beach car at Sixth and Main streets, Los Angeles. The cars run directly through the tract, and the conductor will let you off right at Seaside Park. Our agents will be on the ground all day to show the property and to make reservations. Come prepared. A deposit will be

improvements. One special feature of this delightful resort is the children's bathing pool, absolutely safe, and situated right opposite the pavilion—a feature which is found at no other Southern California resort except at Seaside Park and Coronado.

GRAND BARGAIN SALE

Long Beach capitalists have just purchased a block of land adjoining this tract for \$130,000, and are now making up-to-date improvements. The cost of the improvements and land will double what we ask for these choice lots. You will never have another opportunity to buy such fine lots at the price we propose to sell them. Lots will be offered at \$630 and up, on the most liberal terms. You had better not wait for our opening day, but see the property in advance and make your selection. Do it now.

How to Secure 1-Rate Tickets

You will have to call at our office and secure your ticket to Seaside Park. The conductor will give you a coupon to secure a return ticket at our office at Seaside Park. You had better secure your ticket in advance, as this excursion is limited to 3000 people.

Office open all day Sunday to issue tickets. For full information see

FISHERMAN TAKES GRAMPUS.

A marine specimen rare here was taken Wednesday by Baptist Falconi, a local fisherman, out in the channel.

It is a grampus, and its estimated weight is 1600 or 1800 pounds.

The build of the monster is much like that of a whale. It has a great mouth but no teeth. On its body are many marks indicating attacks of swordfish.

Some of the wounds have healed so that only the scars show.

Glendale-Tropico Electric Line to be Extended Northward Without Delay—New Road Will be Completed Before Next Winter—Citizens Hold Enthusiastic Meeting.

BURBANK, May 26.—Burbank is to be connected with Los Angeles by trolley, and that, too, before next winter's crop of tourists is harvested.

Burbank is to be on the map. It is to be one of the places which visitors will desire to see, and seeing will come to spend much of their time while in California.

Los Angeles will be a suburb of Burbank as soon as the road is completed—a pretty large suburb, but the

A Sale of Wash Goods Prices Less Than Cost to Manufacture

That the public were not fooled by fake sales, as some would-be imitators attempted, was best evidenced by the volume of business done the first two days of this mammoth sale, which comprises merchandise purchased at the great million-dollar auction held by The H. B. Claffin Co., New York, May 1. The majority of women are keen judges of wash goods values and recognize the fact that our sale prices are decidedly low. There is a plenty of goods in every line, and all prices, as advertised the first day are still in effect. Without describing them in detail, we herewith itemize the different lines:

MISS KELLY DUCKED.
Funny Ending of Breach of Promise Suit—Plaintiff Ran Away, Leaving Lawyers Dangling in the Air—Rich Widow Made Happy.

She who sues and runs away. Will live to sue some other day. However, it looked good to Miss Kelly, the simple way in which Smith put it. She looked startled at the question of a breach of promise suit, after it had lasted about a minute.

The fair plaintiff literally picked up her skirts and ran out of court, leaving her lawyers to face the music, minus a client.

One scared look around the court room, at the solemn judge on the bench, the newspaper artists and the women ready to testify against her did for Miss Kelly.

When they looked around for Miss Kelly to open the case with injured innocence, where, oh, where, was Miss Kelly?

Miss Kelly had ducked.

The two women who had come into court to give Miss Kelly moral support were still sitting there, red and uncomfortable. Where had sat the trim, petite figure of pretty little Miss Kelly was empty.

Her lawyers stammered and stammered their embarrassment; and, in the end, it was the former house painter, Isaiah H. Smith who first loved Miss Kelly and then loved and wedded the rich widow, Isabelle Keating of Bonita Meadows, who did the injured innocence act.

It was that Miss Kelly had sued for \$10,000 damages done to her maidenhood by his cruel and faithless conduct.

Her gentle and amiable manner of bringing him a piece of pie while he was painting a house where she worked as a servant in Santa Monica is said, in the first instance, to have gone to his heart. He afterward painted a house, however, for the rich widow Keating; it was all off with pretty Miss Kelly.

Miss Kelly's heart cried out for vengeance in the tones of a breach-of-promise suit; but it was not until day

WILL COVER WHOLE BLOCK.
Immense New Enterprise in Wholesale District.

Three Great Buildings Will Go up at Once.

Special Tracks to be Built for Metal Company.

The greatest wholesale and jobbing plant ever undertaken in the South-west; a whole city block devoted to one firm's building and truckage, and a large part of an adjoining square held for the same purpose for future development—this is an interesting phase of the latest developments in the Los Angeles wholesale district.

Within thirty days the walls will begin to rise for the extensive new home of the Union Hardware and Metal Company, on their property bounded by East First street, Jackson street, North Central avenue and Alameda street.

The tract has a frontage of 700 feet on Alameda street, where the Southern Pacific's main line and two extra tracks lie; and there is a 250-foot frontage on East First street, extending from Central avenue to Alameda. On this street the offices of the company will front.

The whole square will be occupied by the company early in the fall. It will be the most extensive jobbing plant ever undertaken here, and will equal any in the West for facilities and equipment.

The first set of buildings to be erected, which have been planned by Architects Morgan & Walls, will represent an outlay of from \$100,000 to \$150,000. They will occupy the southerly section of the square, about one-half of the land, while truckage and storage accommodations will occupy the northerly half. Later on it is the intention of the company to duplicate the buildings on the north end of the square; and they may extend their enterprise to include their holdings to the north of Jackson street.

The East First-street frontage will be occupied with two four-story buildings for the offices and salesrooms of the firm. These will have a frontage of 215 feet on First street, and will extend 167 feet on Alameda street and Central avenue.

They will be of brick, all plate-glass front on first story, with ornamentation of iron pillars. The main entrance will be finished in polished marble and oak, and an elevator service will be installed.

Just to the northward will be erected the big "iron house," where a large part of the finer grades of stock will be stored. This huge building will be 150x215 feet, and 30 feet in height. It will be a brick structure, and will extend through from Alameda street to Central avenue. Into this building the railway trucks will run, so that cars may be loaded or unloaded with facility.

The company has also acquired a tract with a frontage of seventy feet on Alameda street, north of Jackson street, and extending on Jackson street to the westward over 200 feet. Later this land will be improved with buildings for wholesale concerns, and the prospect is that within a couple of years a large addition to the wholesale district will be made in that vicinity.

A large force of men and teams is now engaged in filling the lands to be surface to the street level. The whole square is being raised an average of three feet, and the company has used \$35,000 cubic feet of earth for this purpose. This will be the foundation on which will rest a cement floor to cover a large section of the square.

SLANKES FOR HER UPSTAIRS FRONT.
LANDLADY DISCOVERS LOT OF UNDESIRABLE TENANTS.

Morrified at Discovering That She Had Rattlers in One Room and a Spiritualist "Professor" in the Other—Appeals to Police for Comfort.

With an upstairs room filled with wriggling snakes and a spiritualist faking holding forth with shades of the departed on the lower floor, the life of Mrs. P. J. Craig, landlady of a lodging-house at No. 421 South Hill street, is not a season of unalloyed bliss.

The spiritualist faked took up his abode with her several weeks ago, and she thought she had enough troubles with his uncanny attendants floating around in her domicile. But when a colony of hissing snakes, including everything from a harmless bull snake to a venomous rattler, was installed in her best "front" upstairs, the last straw had been added.

Yesterday morning Mrs. Craig opened the door of a room occupied by two new lodgers, Harry Holley and wife, and almost stepped on a snake which she is positive is fully five feet long. Lolling on a cushion in a chair another big reptile indolently blinked, hissing at sight of the intruder. Dresser drawers and trunks and trunks seemed alive with snakes to the frightened woman, who ran downstairs calling loudly for assistance. Every room in the house responded to her cries of alarm save "Prof." J. McLane.

"It isn't a snake; it's the spirit of a dear departed sister," said the spiritualist, who apparently did not desire to communicate at close range with the "sperrit."

"Spooks or snakes, I'm going to telephone the police and have this place cleaned out," excitedly exclaimed the landlady, as she rushed to the telephone. The instrument was perched near the door beyond which she had seen the snakes, but Mrs. Craig mustered up sufficient courage to ask Central for the "Police Station; quick, please."

"Send some policemen and the patrol wagon, quick; my house is full of snakes," she told the desk sergeant.

"Snakes, eh; say you've got 'em?" droned the desk sergeant over the wire. "No, I didn't see anything of the kind," was snapped back over the wire.

"I said my house is full of snakes, and I want them taken out and the people that own them, too."

"Are they plain?" asked the policeman, who had heard many snake stories before.

"How do I know?"

"Oh, just talk to Dr. Quint, the police surgeon. He's authority on snakes," bawled this bluesy fellow, as he directed the exchange operator to switch the excited woman to the hospital phone.

"Is that the snake doctor?" asked Mrs. Craig of the astounded surgeon on the other end of the line.

"No, ma'am; I've been called many things in my line, but I've never been accused of being a snake doctor."

Quint finally managed to reply.

Then Mrs. Craig went on to explain her dilemma. She wanted somebody to kill the reptiles, but the surgeon finally convinced her that the job was not in his line. He advised her to await the homecoming of the occupant of the room and order him to take the reptiles away.

Partly pacified, Mrs. Craig and all of her roomers awaited in the front yard the return of Holley and his wife. Only the spiritualist and the snakes remained inside.

Finally Holley returned, and he was told to take his snakes and go, but as he had said he was in advance, he flatly refused to budge.

It appeared that Holley, who is a snake charmer, together with his wife, rented a room in Mrs. Craig's house last Wednesday and moved in. Yesterday morning he decided to take another apartment across the hall, and during his absence the landlady started to move his effects. The sight of the snakes proved too much for her, however, and she was forced to wait for him to perform his magic. She says Holley told her he had 125 snakes of all shades, sizes and varieties, but he de-finitely kept them over in a room on Main street, and he had only a few pets with him.

His wife, who is the owner of the house, exhibited a large collection of snakes in a South Broadway drug store several months ago. He has been bitten dozens of times. The rattler which bit killed Keeper Rabe of the East-lake Park Zoo, also bit Holley, but the latter was slightly affected.

Mrs. Craig is the owner of three small kittens, and she is convinced that the Holleys are conspiring to feed them to the snakes. Meantime the roomers at the house are in mortal terror of the denizens of the upper floor, and the spook lodgers below. Last night the Holleys remained behind locked and barred doors and would not open to friend or foe.

When it came to getting up on the witness stand and telling it before a crowded court room, Miss Kelly balked.

She said that the date for the wedding had been all set; a man came round to the house with some dress goods and she bought enough for an entire trousseau, costing her \$150. Just before she started to make up her dress, she was astonished to hear of his wedding to Mrs. Keating whose house he had gone to paint.

REMEMBERED THEIR DEAD.
Memorial Services Held by Stanton Post G.A.R. and by the Woman's Relief Corps.

Memorial services of Stanton Post, G.A.R., and Stanton Corps, were held last evening in their hall, No. 125 1/2 South Spring street. The hall was filled to its utmost capacity.

Seven vacant chairs beautifully decorated with wreaths of flowers, were solemn tributes to the memory of the dead of the post, and four flower-draped chairs recalled to the members the loss of the corps by death.

Adj. J. M. Quinn read the military records of the deceased comrades. The following-named comrades have died during the year: Dwight Bailey, Third Vermont Light Artillery; John M. Frew, major Fifty-first Ohio Infantry; John S. Hay, sergeant Co. C, Eighth Minnesota Infantry; Wayne B. Pike, Co. B, Fifth Indiana Cavalry; Edward D. Barber, private Co. D, One Hundred Eighty-fifth New York Infantry; Daniel W. Sawyer, captain Battery D, First Michigan Light Artillery, and S. O. Wood, private Co. H, Fourteenth Maine Infantry.

Brief reminiscences of the deceased as soldiers and citizens were given by Comrades Copeland, Baxter, Quinn, Bartlett, Thomas, Oliver, Davis, Dunbar, Cressy and Whims. The ritualistic service, led by Chaplain Rev. J. N. Lincoln and Commander N. C. Whims, closed the exercises.

After the close of the post's services,

THE HOSPITAL BABY.

chanted the service that gave her baby to Dr. and Mrs. Pahl for their own. Cried herself to sleep, doubtless, longing for the touch of baby fingers. Consoling, though, by the thought that if ever a baby fell into soft places, it is hers.

The little waif was born last February at the hospital to an unhappy girl mother. Her husband had deserted her. Had played the races at Ascot Park, and fled to avoid the consequent disgrace, leaving her to face the world alone.

The whole hospital "mothered" her through an ordeal that had become for her a heart-sick sorrow instead of the joy she had anticipated. When the baby was old enough, she went away, out of the State, heart-broken.

Dr. Pahl, a hospital surgeon, and his wife decided finally to adopt the baby for their own, having no children.

So last night the christening came off with a real bishop, if you please. It was a pretty sight, the little hospital chapel filled with uniformed nurses, kneeling while the bishop called down the blessing of God upon the little fuzzy head in Mrs. Pahl's arms.

There were the off-duty nurses, relaxed and tired, and the nurses right off the line of battle, in from the sick wards, brown, resolute girls with rolled up sleeves, with their sheathed fountain pens, wet from the fever charts and their tiny caps peaked over their hair.

Back in a corner was an invalid chair; in the rear of downy blankets reclined a pale, little woman with eyes that shone with the new sweet light of motherhood. She had been wheeled in from the maternity ward.

And another girl in a thick wrapper came bravely in between a nurse and a young doctor, who half carried her between them, hiding the pain that it cost her.

Kneeling at the little chancel was Mrs. Pahl, the hospital superintendent, who has taken upon herself the responsibility of this new life.

When Bishop Johnson and Chaplain Judd had said the last of the service, the new mother took Mr. Blythe Waugh Pahl out into the broad reception hall, where he held his first reception. The nurses went by and said things that were enough to turn any man's head and the girl mother in the invalid chair was called up and smiled at him and the young doctor and nurse held her up very close and spoke to him with her wistful, wan voice.

Then Blythe Waugh Pahl was wrapped up in his overcoat and went home to his

THE STARR PIANO

is made to attract not only by reason of its architectural beauty and balance, but it is built both interiorly and exteriorly on strictly high-class lines—in fact, a better piano at the price of the Starr does not exist.

THE ESTEY PIANO

Whatever the conditions of your home may be you can find an Estey to fit them. Tone—brilliant or soft; form—small grand or upright; cases—carved or simple, but always artistic. And embodied in every Estey is the musical quality that has made it high in the scale of piano value.

MISS KELLY DUCKED.
Funny Ending of Breach of Promise Suit—Plaintiff Ran Away, Leaving Lawyers Dangling in the Air—Rich Widow Made Happy.

before yesterday that she realized with a bump what a cold hard proposition is the law.

When it came to getting up on the witness stand and telling it before a crowded court room, Miss Kelly balked.

She said that the date for the wedding had been all set; a man came round to the house with some dress goods and she bought enough for an entire trousseau, costing her \$150. Just before she started to make up her dress, she was astonished to hear of his wedding to Mrs. Keating whose house he had gone to paint.

REMEMBERED THEIR DEAD.
Memorial Services Held by Stanton Post G.A.R. and by the Woman's Relief Corps.

Memorial services of Stanton Post, G.A.R., and Stanton Corps, were held last evening in their hall, No. 125 1/2 South Spring street. The hall was filled to its utmost capacity.

Seven vacant chairs beautifully decorated with wreaths of flowers, were solemn tributes to the memory of the dead of the post, and four flower-draped chairs recalled to the members the loss of the corps by death.

Adj. J. M. Quinn read the military records of the deceased comrades. The following-named comrades have died during the year: Dwight Bailey, Third Vermont Light Artillery; John M. Frew, major Fifty-first Ohio Infantry; John S. Hay, sergeant Co. C, Eighth Minnesota Infantry; Wayne B. Pike, Co. B, Fifth Indiana Cavalry; Edward D. Barber, private Co. D, One Hundred Eighty-fifth New York Infantry; Daniel W. Sawyer, captain Battery D, First Michigan Light Artillery, and S. O. Wood, private Co. H, Fourteenth Maine Infantry.

Brief reminiscences of the deceased as soldiers and citizens were given by Comrades Copeland, Baxter, Quinn, Bartlett, Thomas, Oliver, Davis, Dunbar, Cressy and Whims. The ritualistic service, led by Chaplain Rev. J. N. Lincoln and Commander N. C. Whims, closed the exercises.

After the close of the post's services,

THE TIMES-MIRROR COMPANY.

WOMEN'S CLUBS.

The Friday morning Club will close its season of glory this year. It has been a collection of attractive programs and the last event of all on June 10th promises to be the most beautiful and artistic affair attempted for several years.

The morning of impersonations is a new feature for this entertainment. That it really will be, though, a dress party might also express the characters from the closed books of the present and, and more original book people have been invited than one could possibly imagine. The Cranford ladies are to appear in all their prim and genteel attire, and they are actually to lead a march on that memorable morning. Of course such genteel persons they of course know how things should be.

Colonial dames not at all to be expected, as well as the group of antebellum beauties from the southern side of Mason and Dixon.

Characters in history will live for the night, and interesting scenes of every clime will attend in the future. Several original memorabilia planned to represent their grandmothers, for there are notable among the Friday Morning and old ladies still smiling of a by-gone day, brooches, and the actual number of the of yesterday, dainty mits of pattern, and all the other things that have survived the time and strayed to California will be brought out and worn by the officers and a number of the same morning, and an excellent phantasmagoria will be presented by Miss Nellie Stevens with her various flower ladies in the wondrous retreat which the stage presents.

Just before the "Mak- ing an Opera," given by Frank and his company, will be the work of the Humane Society. Miss Cora will give a paper on the "Evils of the Humane Idea," and Miss E. Walker will talk of "Steps in Right Yet Out of Mind."

It will be a star morning. The Dr. Anita Newcomb McGee will give an illustrated lecture on "A Woman's Experience in the Japanese Empire." McGee was the only person in America whose offer of personal assistance was accepted by the Japanese government and Red Cross Society during the late war. She took a party from the Red Cross Society to Philadelphia and they spent six weeks in the army hospitals there. A very recent position was given to McGee as appointed supervisor by the minister of war. She is decorated by the Emperor of Japan with the rare order of the Sacred Crown and she and her party were shown special honor by the whole Japanese nation from the moment of their return to this country. The Japanese minister to America conferred the rank of the Emperor to the American nation for the valuable services rendered by these nurses. Her own views will illustrate the lecture delivered by this remarkable woman and the club feels that her morning will compensate for the future to the Humane Society.

It will be supplied by Mrs. Margaret Giller Graham, who will read six books of note for the club members who are proud to count her as of their number.

Known as "Humorists," furnished great enjoyment from start to yesterday morning that has been for many club weeks. Its lighter and attractive variety, and its clever members who gave the evening were brilliant contradictions to that trite old accusation of "humor in women."

Mrs. Mary Porter Haines searched the years past for the beginning of humor and found an utter lack among the women writers until she was given to the world and began to change the condition of society so as to let in this laughing grace.

W. T. Brown, who gave the humor as found in the poetry of the past, was simply inimitable, and her husband followed another in rapid succession that one laugh hardly begun ere another was on its way. She tickled the audience with her clever sallies and still the imagination of her hearers with her sparkling humor.

The report of the nominating committee was read to the club by the Mrs. Patterson. A delightful feature of the luncheon which follows the presence of Mrs. E. K. who has just returned from her abroad.

DEDICATE MASONIC HOME.

MEMORIAL DAY.

Star and Masonic Orders Turn Out on Memorial Day There will be Music and Address—All-Day Picnic on the grounds.

The afternoon of Memorial Day the Masons from all over Southern California will assemble at East San Gabriel Hotel, for the purpose of participating in the exercises. It is estimated that from 4000 Masons will be in attendance.

The home is the property formerly owned by the East San Gabriel Hotel, and is secured for the use of the Masons. The building of 100 rooms, is completely furnished, with a modern and dancing hall, both equipped with the latest improvements. The entire plant was purchased for \$115,000. It is said the home is an original investment of \$125,000.

The home is expanding about 100 rooms, tinting walls, re- painting, and within a few weeks will be ready for the formal opening. The home is the best ap- propriate for the Masons in the United States.

The home is located on the Pa- cific Electric line, and for the ex- tensive use of the Masons. The home will be opened on Memorial Day, and will begin at 9 in the fore- noon. The home is the best ap- propriate for the Masons in the United States.

Corset Covers Reduced

Here are good qualities at so low a price that to buy unreliable, "just-as-good" kinds is a real extravagance.

FOR 75c—\$1 and \$1.25 Corset Covers of cambric and nainsook, trimmed with lace, em- broidery and hemstitching, all recent styles, expressly suited for wear with thin summer waists.

You may choose from some six styles, each unlike the other—one has a cambric body, and the entire front is made from strips of sheer lawn and point de Paris insertion. Similar ones are not a whit less dainty.

FRANKLIN

"Talking-points" versus road-points

A man said the other day "Franklin Cars have some mighty good talking-points."

That is true. The reasons why Franklin cars do what they do are simply reasonable and easily under- stood; yet we would be quite willing to pitch all the "talking-points" overboard; take you out on the exact roads, grades and distance and in the particular sea- son and the identical car you pick for a test, and just let the Franklin do its own talking.

We don't know of anything that talks more convincingly than Franklin performances both under the severest, special tests; and in actual every day use month in and month out under all kinds of practical conditions.

MAN OF NOTED FAMILY DIES.

PASSING OF W. H. SLOAT IN SAN BERNARDINO.

Relative of the Famous Commodore and for Almost a Half-Century a Mason—Chief Has Ugly Fight With Chino—Flow of Antill Well Cut to Half.

SAN BERNARDINO, May 26.—[Exclusive Dispatch.] William Henry Sloat, of the family from which came Commodore Sloat, died at the home of his son, Capt. C. P. Sloat, here today aged 80.

He was prominent here for twelve years. He was born in New York State, where Commodore Sloat was reared, and for forty-nine years, to the time of his death, was a member of St. Andrew's Masonic Lodge No. 1042, N. Y., never having transferred his membership.

Though his family are prominent Republicans, the deceased to the day of his death remained a staunch Democrat.

UGLY FIGHT WITH CHINO.

Deputy Sheriff G. Y. Holcomb of Chino had a sensational fight with Abundio Carrion, a drunken cholo, there last night, after arresting the fellow for the theft of a watch from a Pomona man. All the way to jail the prisoner fought, and at times had to be stricken down by blows with a revolver. Arriving at the jail the officer found that the jailer with the keys was working in a distant field, so he left the prisoner to the tender mercies of the citizens while he went after the jailer.

The citizens threw the Mexican down and sat on him, thus preventing him from striking them. Once during the trouble the Mexican drew a knife, which caused a murmur to go up, and the threat of lynching was freely made, the citizens recalling the brutal murder by a cholo with a knife of Constable Bristol two years ago. The prisoner's preliminary trial was held this morning, and he was bound over to the Superior Court.

LOOKS FOR LOWER RATES.

C. M. Brown arrived last night from Washington, D. C., where he was a witness before the Senate Committee on Interstate Commerce, investigating the findings of the Interstate Commerce Commission. Brown, who is an orange grower of Redlands, believes that the committee will uphold the commission and thus reduce the freight rates on fruit shipments to 15 cents on the 100 pounds.

MCCANN MISSING.

The family of William McCann are much exercised over his absence, and have appealed to the officers to assist in locating him. He left home last September, since which time he has been heard from three weeks later at Reno, Nev., and to the Sheriff and Chief of Police there the family has written repeatedly making inquiries concerning him, but no response has been received. It is feared he has met foul play.

AGITATED OVER WELL.

Much concern was aroused this morning by the report that the Riverside Water Company has reduced by half the flow of water from the Antill well, which supplies the city with part of its domestic water. It appears that the Riverside Company has just uncapped a well in Sixth street, and the result has been to reduce the flow of the Antill well from 442.12 inches to 22.52 inches in eight days.

CONCERNING JOHN McFARLANE.

Sister McFarlane Page makes a statement of the case of John McFarlane, brother of Andrew McFarlane, whose funeral took place in this city yesterday. She says that in 1931 John McFarlane was shot at by a deputy United States marshal as he (McFarlane) was leaving the mill at Inyaville where he had been employed as engineer and from which he was removing his effects. John McFarlane, she says, at that time had nothing to do with the property and did not know that others were expecting to take possession of it. She says the supposed deputy marshal never showed his authority at any time to Superintendent W. A. McFarlane and she points to his having run away just after shooting McFarlane as evidence of his having doubted his right to be there. She further says that John McFarlane had been a friend of the deputy, having given him his first position as engineer in conclusion she says that as to the generation of the deputy there was no counter charge entered and none asked for and that Judge Rolfe had nothing to do with the matter, but that the examination was before or in the office of District Attorney Powell.

AGAINST SCHOOL BONDS.

The board of education has decided against the proposition to ask for a bond issue to supply funds for new school buildings and will make several transfers of pupils in order to make the present facilities do for another year. It is expected to house one or two of the grades in the High School building.

EXPECT EXCITING RACES.

A full program has been prepared for the races tomorrow afternoon under the auspices of the San Bernardino Driving Club. There are several exciting events looked for, interest centering upon the 2:25 trot, each of the three entries having won races here and at Riverside. The racing officers for tomorrow will be: Judges, J. H. Thompson and G. A. Atwood of San Bernardino; timers, G. W. Parsons, Highlands, J. H. Boyd of San Bernardino and Col. Ed Dunham of San Bernardino; starter, J. H. Thompson of Riverside.

SAN BERNARDINO JOTTINGS.

Judge York of Los Angeles held court today for Judge F. F. Oster to hear arguments in the case of the Mentone Irrigation company against the Redlands Electric Light and Power Company, which was tried a year ago.

The Board of Trade meets this evening and may decide to abandon the proposed Fourth of July celebration here and help whom with Los Angeles, by putting in an elaborate float in the parade to be held in that city.

Burglars last night pried their way into the Rochdale grocery store here, but secured little plunder, though they ransacked the place. They made the interior look like the path of a cyclone. They secured a steel bar from a carpenter's chest near by with which to gain entrance.

Owner Pittman returned from Needles this afternoon, where he held an inquest over the body of Anello

COLTON.

GOING TO DRIVE TO YOSEMITE.

COLTON, May 26.—A wagon trip to Yosemite Valley has been planned by several Colton people. The party will consist of Mr. and Mrs. E. Wilkerson, Mrs. S. B. Wright, Mrs. H. B. Smith, Mrs. Harbaugh of Palo Alto and a cook and driver. They expect to leave Colton June 6 with three teams. The trip to the valley will be made up the coast through Santa Barbara and San Luis Obispo. The return will be made over an inland route. The party expects to be gone about two months.

CITY Buries Its Dead.

REDLANDS, May 26.—The last rites were conducted in memory of the late William Fowler this afternoon in the First Baptist Church, friends filling the large auditorium, while his country's flag hung at half-mast in the public square, and all the city offices and nearly all the shops were closed. Mr. Fowler was a member of the board of deacons of the church, and the other deacons were the active members, while the Bear Valley Post, G.A.R., the city officials, Board of Trade officials and local Masons were honorary bearers. Rev. Mr. Harper officiated in a body. Rev. Mr. Harper spoke eloquently in a brief address from the text "He was a good man, and a just." Services at the grave in Hillside were in charge of the Masons.

CHEAP JOBS OF THESE BURGLARS.

ENTER STORE AND RAILROAD OFFICE IN SANTA ANA.

Small Quantity of Loot Taken at Each Place—Tracks Indicate That the Work Was Done by Boys in Tennis Shoes—Low State of the Municipal Treasury.

SANTA ANA, May 26.—The Southern Pacific office in the depot on East Fourth street were entered last night and ransacked by unknown burglars, who secured between two and three dollars' worth of postage stamps and more than five hundred railroad tickets. The burglars entered the building by prying aside some iron bars at the rear of the commercial office and opening the window with a jimmy. The stamps were taken from the desk of C. F. Knox, commercial agent, but other valuables in the same room were overlooked.

In the ticket office neither the safe nor cash drawer were touched, but the local ticket holders were broken open and a large quantity of tickets abstracted. All are worthless as they are not stamped and if used would lead to the detection of the burglars. The tracks around the window which was broken open show that more than one person was concerned with the job. There is no clew obtainable. Local officers and detectives of the company have the case in hand and are making an investigation.

GUN SHOP ALSO.

The bicycle and gun shop of F. E. Bennett on East Fourth street was also entered last night, presumably by the same gang that operated at the Southern Pacific depot. Four guns are missing from the establishment. Entrance was effected through the rear window, which was completely smashed. There are marks of tennis shoes and water window and their size indicates that the burglary was committed by boys.

CITY TREASURY LOW.

A special meeting of the Board of City Trustees was held last night to inquire into the state of the city's treasury. It was in an almost bankrupt condition. According to a report received yesterday from the First National Bank, in which the funds are deposited, the city now has on hand \$126, and much more than this will be needed to pay bills which fall due on the first of June. The only income in sight, aside from the regular returns from the water works system, is from taxes, which will not be due until next December, with the exception of the small amount of the current year's levy to be paid in next month.

To add to the gravity of the situation the First National Bank served notice on the trustees this morning that no overdrafts will be honored. With this condition confronting it, the Board practically decided last night to raise the water rate, which is now one dollar per month, to \$1.25 or \$1.50. The rate will be cut down by stopping all incandescent lights and burning only the arc.

A present heavy expense which is being undertaken in connection with the paying will be met by forming an assessment district and levying the cost upon the property owners most benefited by the work. All these items, which were discussed informally last night, will be made the subject of special legislation at the next meeting of the board.

SANTA ANA LOCALS.

Anna Young was granted a divorce today from Clyde C. Young. The County Board of Horticultural Commissioners reorganized today by choosing M. Nebeling of Anaheim president, and Fred Rafferty of Santa Ana secretary.

Mrs. Flora Moody, wife of A. Moody, died yesterday at the home on Cypress avenue, aged 84.

A light shower of rain fell last night, too little to do damage to grain and hay, but it did help to cool the air.

The Los Angeles Polytechnic High School and Santa Ana High School teams will play baseball at Athletic park here tomorrow afternoon.

Try Hotel del Coronado this summer.

ORANGE.

WILL BUILD BRICK BLOCK.

ORANGE, May 26.—M. C. Cuddeback is about to build a two-story brick block on the lot on the plaza square on which the City Hall now stands. It will be 40x45 feet.

Gordon Granger Post, G.A.R., and auxiliary organizations will attend services Sunday afternoon at the Christian church, when the pastor, Rev. A. N. Glover, will preach. On Memorial Day members of the Orange Post No. 17, of Santa Ana in the services at the cemetery.

ASK TRUSTEE NOT TO QUIT.

RIVERSIDE OFFICER IS URGED TO STAY WITH CITY.

Committee Waits on Him and Presents Request That He Withdraw His Resignation, Which Was Tendered Because Damage Suit Resulted Against a Number of Town's Councilmen.

RIVERSIDE, May 26.—A committee composed of S. C. Evans, George Frost, W. O. Fraser, S. H. Herrick and G. Rouse waited on City Trustee Lawler today and endeavored to persuade him to reconsider his action in resigning from the Board of Trustees. They carried a petition signed by a number of prominent citizens which stated that the citizens of the city are behind the Trustee in all their actions and will stand ready to back them up in the coming fight.

Capt. Lawler refuses to say what action he will take in the matter, but it is thought here that in view of this new support the captain will reconsider his resignation. It was offered because of the result of a recent damage suit which was decided against a number of the city officers.

ALMOST A MURDER.

A drunken fracas down in Spanish town last evening almost resulted in a murder. Ramon Perra, a Mexican who of late has been residing in Colton, came over to his camp in the river bottom last night with blood in his eye.

Intoxicated with the juice of the grape which he obtained at a winery near Colton, he was proceeding to his camp when he overtook Julio Norte, a resident of Banning, who has been working for him in this city. Norte got into the buggy with him and accompanied him to the camp. A few minutes after arriving at his tent, while standing by the door talking to his wife, he observed Perra go into his tent and in a few minutes return with a shotgun in his hand.

Crowned with drink, Perra came running toward Norte and his wife, who, when they saw him coming, turned and fled. Raising his gun to his shoulder, he took aim at the flying figures and pulled the trigger. The first shot went high and then Perra fired again. This time Norte pulled his wife to one side and narrowly escaped the second charge, both running until they were out of range.

A warrant was sworn out against Perra, and he is being sought by the river bottom in search of him. He was finally apprehended and lodged in the City Jail. This morning he was arraigned before Judge Stephenson for a preliminary hearing. Norte testified he knew of no motive for the assault save drink. Perra was held on the charge of assault with a deadly weapon, and his bail fixed at \$1000.

HORSES WILL GO.

A number of Riverside horses will compete in the matinee meeting of the San Bernardino Jockey Club on Saturday afternoon. About fifty enthusiastic sportsmen from the local club will go with E. F. Binder's Fernwood to try to retrieve the purse and the local club will go with E. F. Binder's Fernwood to try to retrieve the purse and the local club will go with E. F. Binder's Fernwood to try to retrieve the purse.

Department of Commerce and Labor Conducting Investigation from San Diego to Puget Sound and Outlook Bright—Live Seals in Demand for Eastern Ports.

(SPECIAL CORRESPONDENCE OF THE TIMES.) SANTA BARBARA, May 26.—W. A. Wilcox, a special agent of the Bureau of Fisheries, United States Department of Commerce and Labor, has been in the city several days making an examination into the fishing resources of this locality in the interest of the government. Mr. Wilcox has been as far South as San Diego and is working North along the coast to Puget Sound, stopping at the principal fishing ports and coast rivers and taking statistical information for publication in the department's annual report.

Mr. Wilcox has been as far South as San Diego and is working North along the coast to Puget Sound, stopping at the principal fishing ports and coast rivers and taking statistical information for publication in the department's annual report.

"I find the outlook very bright for the fishing industry in this locality," said Mr. Wilcox. "It has been five years since I was in Santa Barbara on work of this kind. The government sends an agent through here about every four years to study the situation carefully. You would be surprised to know that the fishing business has more than doubled here since my last trip. This is due to the fact that the number of men employed, and the profits of the business. There is an increase in the fishing industry here, the best of Southern California. This is due largely to the use of gasoline and naphtha power boats, which were unknown to the fishing trade here five years ago. They have taken the place of the small sail and row boat and have made it possible for fishermen to cover longer distances, make larger catches, and to bring in their fish in time to catch out better boats and trains, thus bringing the fish to the markets in a fresher and better condition than under the old system. The benefit is both to the fishermen and to the consuming public. I find many of these power boats, valued from \$500 to \$2000 each, all along the coast."

"Santa Barbara offers a very fine field both for commercial and pleasure fishing. The protection afforded by the islands removes a large part of the danger from the business and many edible varieties abound in the channel. I find that the territory of local fishing has been greatly increased. Besides shipping to San Francisco and Los Angeles, much fish is sent into Arizona, Nevada and New Mexico, and is even going as far east as Kansas City. The catch of fish here is also on the increase here. Prices for this delicacy have gone up distances in the last few years, and as the Santa Barbara waters are still producing large quantities of them, the business should be profitable. I have also been looking into the business of catching live seals, which are found in large numbers at the islands. These animals are now in great demand in eastern public parks and zoological gardens."

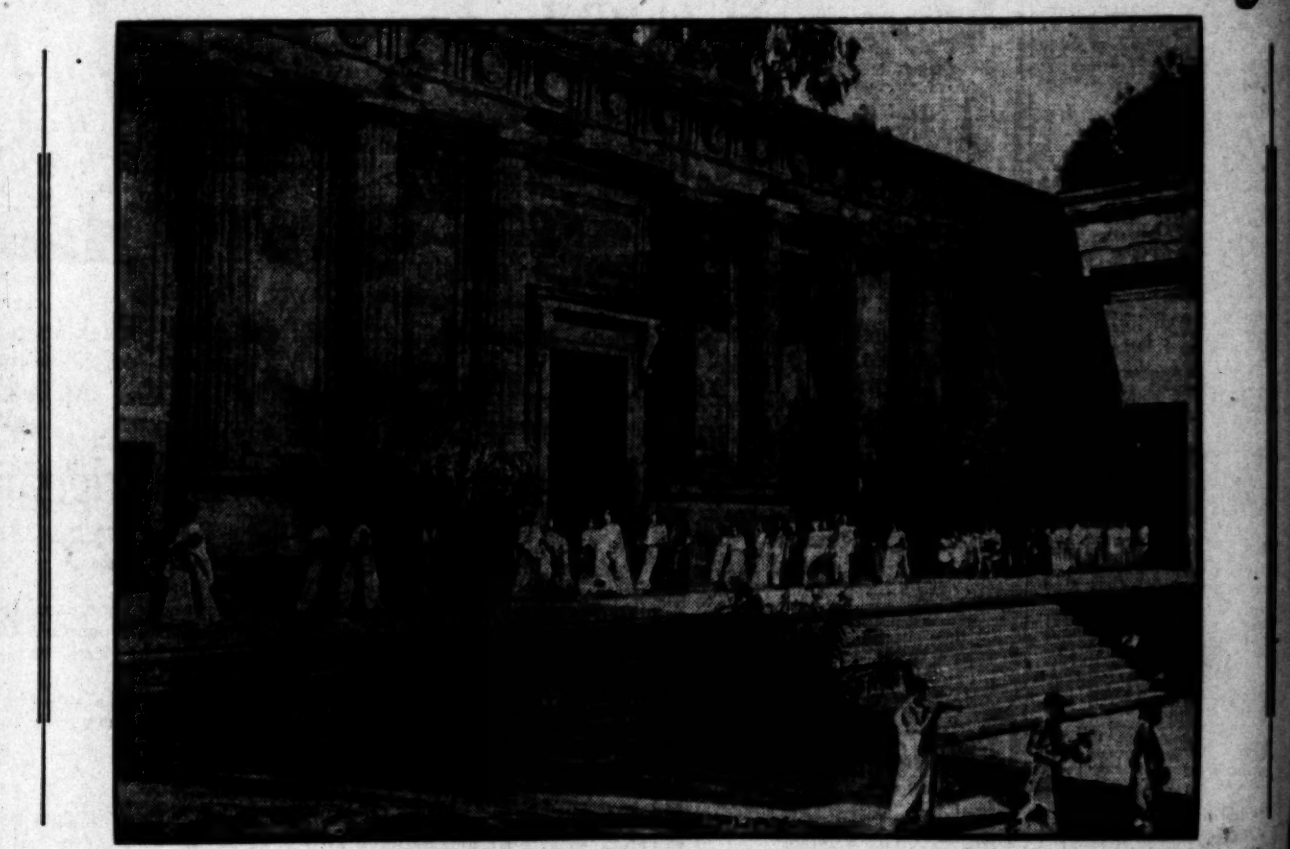

"The government supports over fifty hatcheries in different parts of the country, a number of them being located on this coast. I am also making investigations into them. A large amount of river and brook fish have been hatched in these hatcheries and distributed gratuitously in the streams

MEMORIAL PLANS.

Extensive preparations are being made by the G.A.R. and W.R.C. of this city to celebrate Memorial Day. As usual with the veterans, they will arrange a special program of appropriate exercises for the occasion, which will consist of exercises at the opera house, after which processions will march to the cemeteries to strew flowers, afterwards marching to the wharf, where flowers will be scattered upon the waves of the Santa Ana River.

The local water and light company have issued specifications for improvements to its several plants which will cost over \$10,000. The electric light plant will be almost rebuilt, new engines, boilers and pumps will be put in where needed, and a 3,000,000 gallon reservoir installed.

with the hope of ultimately getting control of it, but the Santa Barbara merchants are firm in their determination to start the new company in order to lower light and power rates, and furnish a better service.

The Merchants' company has selected a site for its plant, having purchased the 100-acre lot on Anacapa street, and the work of constructing the electric plant will begin at once.

MRS. ALLEN SUES.

Mrs. Addie L. Allen of Ventura, who recently brought suit against her partner, A. C. In her complaint she charges Williams with a deliberate intent to wrong, cheat and defraud her.

THE OIL INDUSTRY.

A NEW FACTOR IN FUEL OIL.

SANTA FE MAY BUTT IN ON ASSOCIATED-ESPEE.

Situation May be Complicated by Opening of Midway District—Prices Down at Coalinga—A Rumor That Standard is Interested in Carlsbad District.

The opening of the Midway oil district by the extension of the Santa Fe Railroad introduces a new factor into the fuel-oil situation in the form of the Chanoir-Canfield Midway Oil Company and the Santa Fe railroad combine, now butting into the field hitherto occupied by the Associated-ESPEE alliance. The Chanoir-Canfield Midway Company owns the greater part of the Midway district as the Associated does at Kern River, and by the deal just made, the Santa Fe, that was virtually shut out by the Santa Fe at Kern River so far as any advantageous terms or permanent contracts were concerned, is assured a steady fuel supply for years to come.

The opening of the new district also means that an enormous supply of excellent fuel oil of a lighter variety than the Kern River product, is to be placed on the market. If this is to come in competition with the Associated effect may be far-reaching. The men who are the principal factors in the oil situation are the Chanoir-Canfield Company, are both directors of the Associated, Mr. Chanoir being its president. They have, however, associates who are not so situated and the Santa Fe. It is likely that the Santa Fe will hold the key to the situation, at least unless a pipe line is built to the coast, and there is reason to believe that the Santa Fe is none too friendly to the Associated-ESPEE oil combine, which has given practically all its business to Mr. Hartman's line while Mr. Rockefeller, the third party, to the alliance, has shown no disposition to consider the Santa Fe or its interests in his operations.

The course of the Santa Fe and of the oil magnates, who are unquestionably thoroughly informed as to all the moves in oil, in opening Midway at this time, may also be considered one of the strongest confirmations of the conditions at Kern River and of the steady encroachments of water in that district where the Associated-ESPEE properties are practically all located. Midway has never had a trace of water trouble in its existence; it is far removed from a river while Kern is right on one's banks and it has the
